Dear Bob:

Thank you so much for agreeing to participate in our Principal for a Day event. It was our pleasure to have you as the Principal for a Day at Oleander Elementary.

Business and community involvement has been a goal of both the Fontana Unified School District and the Chamber of Commerce and this year you helped make that possible. It was truly a wonderful experience for all of us to have you visit and take part in a typical day in the district.

Mark Bower, of the Fontana Chamber of Commerce, will be coordinating the Business Person for a Day event. He will be contacting you in the near future to confirm the details.

One of the joys of working on a project like this is meeting so many fine people like you who are truly interested in our young people. Please accept my sincere thanks for the interest you have shown in our schools. Your time and consideration are very much appreciated.

Sincerely,

Michele Beutler
Business and Community Facilitator
